Such students are required to confirm their status by a relevant certificate from their employer duly endorsed by their Guide, Head of the Department and Institution to the effect that they are part time research students. As per the decision taken by the Academic Council meeting held on 05/04/2005 and the syndicate meeting held on 19/04/2005, part time Ph.D facility may be extended to all Ph.D candidates registered in recognized Ph.D centers of RGUHS irrespective of the distance

between the working place of the Guide and the candidate, with a condition that they should spend minimum of 45 days per year with their respective Guides which should be certified by the Guide. This amendment comes in to effect prospectively i.e., from July 2005 onwards and not applicable for the full time Ph.D students. The minimum duration for such part time Ph.D students shall be five years from the date of provisional registration. However, one-year exemption will be given for candidates with M.Phil qualification.

a) Dental *

In the cases where the Ph.D guide and the candidates work in same institutions /centers, the candidate may be permitted to submit their thesis after four years of research work after their provisional registration, provided 8th half yearly progress shall be submitted to the university and accepted.

b) Medical *

In the cases where the Ph.D guide and the candidates work in same institutions /centers the candidate may be permitted to submit their thesis after four years of research work after their provisional registration, provided 8th half yearly progress shall be submitted to the university and accepted.

c) Pharmacy *

In the cases where the Ph.D guide and the candidates work in same institutions /centers the candidate may be permitted to submit their thesis after four years of research work after their provisional registration, provided 8th half yearly progress shall be submitted to the university and accepted.

The contact period for Part time Ph.D student/s shall be 45 days for every six months. So that it becomes 90 days in a year. Candidate has to submit attendance for this period through proper channel. **(Vide resolution passed by the Ph.D Registration Committee in Pharmacy faculty held on 20.08.2008).**

iii) For Medical post graduates who also possess PG Diploma the minimum duration will be 4 years for full time candidates and 6 years for part time candidates.

iv. The maximum duration shall be seven years from the date of provisional registration for all categories i.e., for both full time and part time Ph.D students. All candidates should complete research work and submit thesis to the University within seven years from the date of provisional registration. There will be no provision for further extension of the period.

v. The period of study would be same for the Ph.D degree both in a Basic and Clinical Medical Sciences.

vi. However, an exemption of one year will be given to post graduates with M.Phil qualification under both full time/part time categories.

vii. A Candidate can shift over from full time to part time and visa versa provided he/she fulfills all the criteria laid down by the university and obtains prior permission from the Ph.D Registration Committee of the respective faculty.

*** Vide RGUHS Notification No: ACA/ORD-23/97-98 (Part - II) dated: 25.03.2008.**

All applications received by the University on or before the stipulated time and date shall be placed before the Ph.D Registration Committee of the respective faculty. The Committee shall then examine the applications and after satisfying itself about the eligibility requirements, conduct an interview for the candidates. Every candidate shall make a presentation of his/her Ph.D protocol along with/without his/her Guide before the Ph.D Registration Committee. The committee shall then recommend the names of the selected candidates to the Vice-Chancellor

for provisional registration within three months from the last date notified for the receipt of applications. Provisional registration shall be effective from the date mentioned as the last date for payment of prescribed fees in the concerned specialty for the selected candidates. Fee once paid shall not be refunded.

The candidates registered for Ph.D course shall work in the University P.G. Departments or P.G. Departments or in any recognized laboratory, hospital, of an affiliated college recognized for such purpose by the University in its jurisdiction.

No candidate shall, without the previous permission of the Ph.D registration committee join any other course of study or appear for any other examination conducted by the University or by any other University during the period of registration. (Vide notification No. ACA/AFF-GEN/2005-06 dated 24.09.2005).

Permission of the candidate for making use of his research work in the Library such as Digitalization is also obtained at the time of provisional registration.

The selected candidates as well as candidates not selected will be intimated by post separately by the University. In all matters relating to selection, the selection committee can regulate its own procedures and the decision of the University shall be final. The University will not provide any stipend or financial assistance to the selected candidates.

9. CONFIRMATION OF PROVISIONAL REGISTRATION

The provisional registration of a candidate for pursuing Ph.D course to the award of Ph.D degree shall be confirmed only when he/she passes the Pre-Ph.D examination conducted by the University.

10. CANCELLATION OF REGISTRATION

The Registration of the candidates who fails to submit two subsequent half yearly progress reports in spite of reminders or for any valid reason as decided by the Ph.D Registration Committee or the respective Guide will be cancelled. However, if the Ph.D Registration Committee recommends, the candidate can re-register for Ph.D course, on payment of the re-registration fee as fixed by the University.

11. CHANGE OF TITLE OR FIELD OF RESEARCH

A Ph.D candidate can change the title of his proposed thesis or field of research work on prior permission from the Ph.D registration Committee and on payment of the prescribed fee to the University.

12. SUBMISSION OF HALF YEARLY PROGRESS REPORTS

a) After provisional registration, every candidate shall submit the half yearly progress reports regularly in three sets in the prescribed format (**Annexure - IX**) through the Guide to the Registrar of the University with a copy of the Head of the Department concerned and Head of the Institution. The half yearly progress report will be assessed by the subject experts of the Ph.D Registration Committee and their comments/observations will be communicated to the concerned candidate and Guide. Every such half yearly report shall be submitted for the period from 1st January to the end of June and from 1st July to the end of December.

However, the very first report for the fraction of six months period shall be submitted ending either in June or December.

b) All Ph.D candidates while submitting their current progress report, should submit the summary of each of his/her previous half yearly progress reports in order and suggestions made by the previous reviewers/subject experts along with university letters sent to the candidates for approval of the current report. All Ph.D candidates should submit their half yearly progress reports in the prescribed format issued by the University. **(Vide resolutions passed by the Ph.D Registration Committee, in their meetings held on 24.01.2006 (Pharmacy faculty) 27.01.2006 (Medical faculty).**

The candidate who submits the same report /s as previous shall be called for the presentation of the progress report before Ph.D Registration Committee. **(Vide resolution passed by the Ph.D Registration Committee in Pharmacy & Medical faculty held on 20.08.2008 & 23:07:2008).**

All the Ph.D students should maintain a Logbook, duly signed by the Guide & Head of the department/Institution and should be made available at time of inspection and examination. (Vide resolution of the Ph.D Registration Committees, in their meetings held on 14.09.2005 (Dental faculty) 13.09.2005 (Pharmacy faculty) 12.09.2005 (Medical faculty)

c) The Research project submitted by the candidates should have been cleared by the appropriately constituted Institutional Ethics Committee at college level (respectively for experiments on human subjects and / or animals) before the submission of the 1st progress report by the candidates.

d) If two consecutive half yearly progress reports are not satisfactory, the Ph.D Registration Committee may recommend to the University for Cancellation of the registration.

The candidate will be eligible to appear for the Pre Ph.D examination only after the completion of one year from the date of provisional registration provided his/her first half yearly progress report is found satisfactory. The provisional Ph.D registration of the candidate will be confirmed only after the candidate passes the Pre Ph.D examination.

13. PRE Ph.D EXAMINATION

a) The **scheme for Pre Ph.D examination** to be conducted by the University shall be as follows:

(i) Two written papers each of three hours duration and each carrying maximum of 100 marks.

PAPER I: Research Methodology related to the area of research.

PAPER II: Specialization Background to the topics of study (topics related to the specialized subject) under which the topic / area of research is undertaken.

(ii) A Viva-Voce examination carrying a maximum of 100 marks for candidates who have passed the theory examination.

b) The **syllabi** for both papers for each candidate shall be prescribed by the Guide and should be approved by the subject experts of the Ph.D Registration Committee. The Syllabi prescribed by the Guide and approved by Subject experts for the two theory papers of Pre Ph.D

examination, shall be notified and will be communicated to the Registrar (E) of the University as well as to the candidate and to the concerned Guide, at least one month earlier to the examination after they are approved by the concerned Committee.

However, Candidates with M.Phil qualification after a P.G. degree are exempted from appearing for Pre Ph.D examination. However, candidates with M.Phil qualification shall defend their Research proposal before an Internal and External examiner within 3 months of provisional registration for Ph.D course. On confirmation only the minimum period of their course shall be declared as two years.

c) Conduct of Pre Ph.D examination

- a. The Ph.D Registration Committee along with the names suggested by the concerned Guides shall prepare an exhaustive panel of both external and internal examiners (internal from the University Department/affiliated Institution, external from outside the University) and recommend the same to the Vice Chancellor and Registrar (E) for approval. The University/Registrar (E) will then constitute a Board of Examiners for the conduct of the Pre Ph.D Examination.
- b. The Board of Examiners for the Pre Ph.D Examination consists of the following:
 1. Guide/Internal Examiner (Chairman).
 2. One external examiner chosen by the University.
- c. The Guide/Internal Examiner and External Examiner chosen by the Registrar (E) from the panel of examiners recommended by the Ph.D Registration Committee will set one paper each and send their respective question papers separately in a sealed cover to the Registrar (Evaluation) who will conduct the theory examination and send the answer scripts to the above examiners for valuation.
- d. There shall be double valuation of the answer scripts of Paper - I and Paper II by the same examiners who have set the question papers. The marks lists shall be sent by the examiners directly to the Registrar (Evaluation).
- e. The viva voce examination shall be conducted after the candidate has passed in the theory papers by a panel consisting of:

The same two examiners (Internal and External) appointed by the University who have set the theory question papers and valued the answer scripts.

After the viva-voce examination, the marks shall be consolidated and sent to the Registrar (Evaluation) by the Chairman of the Board of Examiners for further consolidation and announcement of results.

- f. If the difference of the marks in the valuation between the external and the internal examiner exceeds 15%, the concerned answer scripts will be valued by a third Examiner who will also be connected with the conduct of Viva-Voce examination. The third Examiner may value the answer scripts first (if there are differences) on the same day on which the Board meets for the conduct of Viva-Voce examination. The marks awarded by the Board shall be sent to the Registrar (Evaluation) by the Chairman and the results will be announced according to the following grading system.

Grade	Result (Inclusive of Theory and Viva Marks)
A	A Student securing marks 75% and above should be declared have passed in the said examination with distinction
B	A Student securing marks between 60-74% should be declared to have passed in the said examination
C	A student securing marks less than 60% should be declared to have failed in the said examination

(Vide resolutions passed by the Ph.D Registration Committees in their meetings held on 27.04.2005 (Medical faculty) 26.04.2005 (Pharmacy faculty)

However, the candidate should secure a minimum of 60% marks in each of the written papers as well as in the Viva - Voce examination.

In case the candidate is not successful in the Pre Ph.D Examination in the first attempt he/she may be given one more chance to appear for the entire examination after a period of six months.

If the candidate is not successful in the Pre Ph.D examination, even in the second appearance, his/her provisional registration shall stands cancelled. Provisional registration of the candidates will be confirmed only after they pass the Pre Ph.D examination.

14. SUBMISSION OF FINAL SYNOPSIS

All the Ph.D candidate should submit a final synopsis containing the summary of the research work done to the Ph.D registration Committee before submission of thesis. All Ph.D candidates before submitting their final synopsis shall present his/her research work before the Ph.D Registration Committee and subject experts on a suitable date fixed by the University and should get approval for writing the final synopsis and thesis.(Vide resolution of the Ph.D Registration Committees in their meetings held on 14.09.2005 (Dental faculty) 13.09.2005 (Pharmacy faculty) and 12.09.2005 (Medical faculty).

16. SUBMISSION OF Ph.D THESIS

Each candidate for the award of Ph.D degree shall submit five copies of his/her thesis not earlier than the prescribed minimum period and not later than the prescribed maximum period.

Accordingly, any candidate who has completed the minimum prescribed period of three or five years for full time and part time candidates respectively from the date of his/her provisional registration and not less than three months before the expiry of the maximum period prescribed for submission thesis, may submit an application along with five copies of approved final synopsis of the thesis through the Guide, the Head of the Department and Head of the Institution, to the Ph.D Registration Committee for permission to submit the thesis. He/she shall also submit a copy of the final synopsis to the concerned Head of the Department/ Institution.

After the approval, four copies of the approved final synopsis shall be sent by the Ph.D Registration Committee, to the Registrar (Evaluation), who shall proceed with the constitution of Board of examiners for the adjudication of the Ph.D thesis and keep it ready pending the submission of the thesis.

After the approval of the final synopsis and permission from the Ph.D Registration Committee, candidate shall submit with his / her application four copies of the thesis (also in the form of CD as well) embodying the details of the research carried out by him /her within six months after the approval of synopsis.

*** Vide RGUHS Notification No: ACA/ORD-23/97-98 (Part - II) dated:25.03.2008.**

A candidate shall also submit along with his/her thesis

- a) A certificate from the Guide/s under whom he/she worked to the effect that, that the thesis submitted is a bonafide record of research work done by the candidate during the period of study under him/her and that it has not previously formed the basis for the award of any degree /diploma, Associate ship / fellowship or any other similar award. If, however, the thesis submitted has formed in part the basis for the award of previous research degree, the candidate shall clearly set forth in a preface or written statement the portion(s) which have formed the basis for the award of the previous degree.
- b) "No due certificates" from the Chairman / Head of the Department and Head of the Institution where he/she has worked and also from the University Librarian and from the Affiliation section of the University.

- c) Papers published by him/her if any embodying the results of investigation for the Ph.D Degree and also any other constitutions to the knowledge of his/her subject or any cognate branch of the subject.

Under extraordinary circumstances affecting a student warranting extension of period for submission of thesis, the student should submit an application to the Registrar (Evaluation) through the Guide, who in turn will refer the same to the Ph.D Registration Committee for its opinion, which will be submitted to the Vice-Chancellor. The decision of the Vice-Chancellor in the matter shall be final.

17. ADJUDICATION OF Ph.D THESIS

For the adjudication of Ph.D thesis, a board of three examiners shall be appointed by the Registrar (E) in consultation with the Vice Chancellor. The Guide of the candidate shall normally be the Chairman of the Board of the Examiners, who shall also act as coordinator and internal examiner. However, under extraordinary circumstances, the syndicate may appoint a chairman other than Guide from the panel of Board of examiners. The two external members of the Board of examiners, has to be chosen by the University from a panel of examiners recommended by the Ph.D Registration Committee in addition to the names suggested by the Guide, at least 6 months prior to the expected date of submission of the thesis. The panel shall include examiners who on the basis of their published work are acknowledged as eminent scientist in field of study under taken by the candidate.

One of the external Examiners should be from outside the State and the other should be from out side the Country.(Vide Resolution passed by the Ph.D Registration Committee in their meetings held on 24.01.2006 (Dental faculty) 27.01.2006 (Medical faculty) 24.01.2006 (Pharmacy faculty)

The University shall ascertain from the external examiners their willingness to act as an examiner for a particular thesis a copy of the final synopsis shall be sent to the external examiners along with this communications.

Each external examiner appointed to adjudicate the thesis shall send the report to the chairman within two months from the date of receipt of the thesis. Such reports should include:

1. A critical account of the work of the candidate as embodied in the thesis and an evaluation of the work in terms of its condition to the advancement of knowledge.
2. Questions to be asked or points to be clarified at the time of viva-voce examination should be sent in a sealed cover to the Registrar (E) of the University. These questions/comments should be made available to the candidate only before the commencement of the viva voce examination.

3. Definite recommendations as to:

- a) The research work of the candidate as advanced the existing knowledge in the subject and there for the thesis can be accepted for the award of Ph.D degree in the present form.
- b) The thesis can be accepted for the award of Ph.D degree after minor correction/revisions as suggested. (points on which revision is required as to be stated by the examiner/s).
- c) The thesis should be revised and resubmitted for evaluation. (revision required should be stated clearly by the examiner).

- d) The research work has failed to achieve the desired standard and hence the thesis is rejected. (precise reason for such rejection must be stated clearly by the examiner).

The chairman shall forward the individual reports of the Examiners along with the consolidated recommendations of the Board of Examiners to the Registrar (Evaluation).

If any two of the Examiners give definite recommendations against the award of the degree, the thesis shall be rejected. If one of the examiners gives a definite recommendation against the award of the degree the thesis may be referred to another external, examiner, from the panel recommend by the Ph.D Registration Committee. If the report of the third examiner is favorable, then the candidate shall be eligible to appear for the Viva-Voce examination and if it is not favorable, then the thesis shall be rejected.

If one of the examiners makes qualified recommendations with valid reasons (for eg., to resubmit the thesis after suitable modifications) the chairman shall communicate the same to the Registrar (Evaluation) who will in turn intimate the candidate for resubmitting the thesis after suitable modifications within six months from the date of the communication. The resubmitted thesis will be again sent to the same examiner and the reports received thereon by the Chairman shall be communicated to the Registrar (Evaluation).

No candidate shall, however, be permitted to submit the thesis more than two times. The thesis may be published in any form after obtaining necessary permission from the University.

18. VIVA - VOCE EXAMINATION

After the thesis has been approved by all the examiners, a public defense of the thesis will be held as well as the viva voce examination will be conducted by the University on a suitable date. The topic date and time of public defence of thesis shall be announced by the University well in advance so that the faculty members, scholars, subject experts, students and others interested in the topic of the thesis can be present. It is made to reach all faculties of every Institution. Those attending the public defence who are not the members of board of examiners can also ask relevant questions to the candidate. The board of examiners shall take into consideration the views and criticism, if any, of the faculty members and others participating in the public defense of the thesis. However, the result of the examination shall be decided solely by the members of the board of examiners.

Viva - voce examination shall be conducted after the receipt of the satisfactory report, on the thesis from all the examiners. The viva-voce examination in which a pass is obligatory, shall be conducted by a Board of Examiners constituted as follows:

- a. Guide / Chairperson
- b. Co-Guide
- c. At least one of the external examiners shall be present at the time of Viva-Voce examination. Normally the external examiners from the India who assessed thesis of the candidate will act as the external examiner at the time of viva voce examination.

However, under extraordinary circumstance where any external examiner cannot be present at the Viva-Voce examination, the Vice-Chancellor may appoint any external substitute examiner/s from out of the panel recommended by the Committee and approved by the University.

One University representative as observer shall submit a report on conduct of Viva – voce examination to the Registrar (E) through Director, Research & Development.

Teachers and research scholars of the concerned departments / institutions may be invited as observers only to attend the viva-voce examination.

The Viva-Voce examination is primarily designed to test the understanding by the candidate of the subject matter of the thesis including methodology employed and his/her competence in the general field of study. Since the points raised by the examiners of the thesis are to be clarified during the Viva-Voce examination, the report of the examiners who adjudicated the thesis shall be made available to the Board of Examiners for Viva-Voce examination. The candidate shall produce all the relevant documents, materials, preparations, etc., connected with the research project during Viva-Voce examination.

19. RESULTS

The candidate shall be declared for the awarded of the degree of Doctor of Philosophy, only on the unanimous recommendations of the members of the board of examiners after the viva voce examination.

Members of the Board of Examiners for the Viva-Voce examination shall report specifically on whether the candidate's performance in the examination is satisfactory and therefore be considered for the award of Ph.D degree or not.

In case the examiners are not satisfied with the performance of the candidate in the Viva - Voce examination, the candidate shall be permitted to undergo the Viva-Voce examination for a second time after a period of three months. No candidate shall be permitted to take the viva-voce examination on more than two occasions.

After the candidate successfully completes the Viva-Voce Examination, the Chairman shall consolidate the recommendations for the award of the Ph.D degree based on the following:

- a. The report of the examiners who adjudicated the thesis.
- b. Evaluation of the candidate's performance in the viva-voce examination.

The chairman shall then forward the consolidated and the individual reports to the Registrar (Evaluation) of the University.

20. AWARD OF Ph.D DEGREE

Based on the reports of the Board of Examiners, the University shall award the Ph.D Degree after the recommendations are approved by the Vice-Chancellor / Syndicate. The Ph.D degree will be awarded in the respective subject of specialization of the respective faculty and shall be designated as a Doctor of Philosophy. **A degree under the seal of the University and signed by the Vice-Chancellor will be given to each successful candidate at the next convocation held for conferring degree.**

21. PUBLICATION OF RESEARCH WORKS FROM THE THESIS

The thesis is public domain document and the research embodied in the thesis may be published either in part or in full by the candidate / Guide in reputed journals.

Guidelines for preparing thesis protocol (Preliminary Synopsis)

Preparing the protocol or preliminary synopsis is an initial but an important step for carrying out research work and for writing a thesis the award of Ph.D degree. The following is intended to help you in preparing the protocol.

1. TITLE OF THE TOPIC:

The title should be brief as possible but should carry as much information as required.

2. BRIEF RESUME OF THE WORK:

- a) Give brief introduction to the work you intend doing by focusing OR present literature on the subject, gaps in the knowledge, if any, and the reasons for undertaking the study. You may have to quote a few references or other studies (About 100-500 words of introduction).
- b) State the research question.
- c) Give the objectives of the study. The objectives usually should not be more than 2 to 4 and should relate to the points or key questions raised in introduction (about 50-300 words for objectives).
- d) Review of the literature and give 10-15 references pertaining to the subject and work already published. It should be related to the objectives of the study.

3. MATERIAL AND METHODS: (About 500 words)

Brief explain the source from which you would collect data for the study. For example, in clinical settings, it may be patients in hospitals, or in community settings, or it may be households or it may be a laboratory based study.

Describe the method of collection of data. For instance, it may be interview or study of records or by animal experiments or by performing tests or laboratory investigations or even through some intervention. In case of human or animal study, mention the inclusion and exclusion criteria. If there are any ethical issues involved, mention them and state how you intend to overcome.

If you are taking a sample, mention the sampling procedure and sample size.

Thus it is important to mention the subjects of your study, parameters and the procedures.

Give the operational definitions.

4. RESULTS (In case if some preliminary studies have already been conducted)

5. SUMMARY & CONCLUSION (In case if some preliminary studies have already been conducted)

6. REFERENCES:

Give about 4-6 references or articles quoted in your introduction or those related to your study. Follow the guidelines given in Annexure IX for writing references.

The Vancouver Style of Writing References

GUIDELINES FOR WRITING REFERENCES

DIFFERENT COMPONENTS OF REFERENCE AND METHOD OF TYPING

Name order	Last name first (of first author when more than one author)
Placement	End of body of report – listed alphabetically by last name of first author or follow Vancouver style (N Eng 1 J Med 1991, 324:424-89)
Punctuation	Author name, Title, Place of Publication: publisher, state of Publication.
Page reference	Total number of pages in book or in article.

EXAMPLE OF CORRECT FORMS OF REFERENCES
