Recommended for grant of Fresh Affiliation for BPT course with an intake of 40 seats.

DECISION OF SYNDICATE: The Syndicate accepted the recommendations of CAC.

SUBJECT NO. 10/11/III: WITHDRAWAL OF THE TERM REF FIXATION OF P G MEDICAL STUDENTS WHO WERE ADMITTED DURING 2021, 2022 BUT FULFILLING 80% ATTENDANCE CRITERIA AS PER PGMER-2023 REGULATIONS.

DECISION OF CAC: The term of the students admitted during 2021, 2022, were refixed because of various reasons, based on MCI-2000 (amended upto 2018) regulations. However, during January 2024, the NMC released its PGMER - 2023 regulations, which in its clarification, states that, if student is having 80% attendance cumulatively including three years, then such students will have to be permitted to take up the examinations.

Hence, if the term refixed student is otherwise eligible by fulfilling the 80% attendance criteria as per PGMER 2023, based on the recommendations of the principal, then for such students the earlier term refixed letter will have to be withdrawn and they should be allowed to take up exam examinations. To this effect, there has to be a letter stating the same by the Admission Section to the examination wing. This recommendation will not hold the student from completing his/her 36 months of training period/duration of the course, and this shall be ensured by the head of the Institute and the head of the department.

If the student is not fulfilling the 80% attendance cumulatively based on the principal letter, then such students term fixation will remain same as per the term ref fixation letter
